PERSONAL DATA

Born 1944
Nationality French
Languages English fluent

PROFESSIONAL EXPERIENCE SUMMARY

Since 2010	Manta	Structures at sea Consultant, Trainer and Lecturer
2006-2009	Acergy	Chief Engineer, Engineering Development & Training Coordinator
2005-2006		Structural Expert
2004-2005	Stolt Offshore	Head of Structures Department
2001-2004	Paragon Litwin	Head of Structures Department
2000-2001	Paragon Litwin	Head of Fixed and Floating Structures Department
1999-2000	Stolt Offshore	Head of Steel Structures Department
1988-1999	ETPM	Head of Scientific Computer Application
1981-1988	ETPM	Head of Structural Design
1979-1981	ETPM	Lead Engineer
1974-1977	ETPM	Project Engineer
1970-1973	Bureau Véritas	Research Engineer

SIDE PROFESSIONAL ACTIVITIES

Since 2015	University of Coimbra	Design of Offshore Structures Seminar
Since 2010	École Nationale Supérieure Des Techniques Avancées Bretagne	Sustainable Energies Master
	École Nationale Supérieure Des Techniques Avancées ParisTech	Naval Architecture Master
Since 2006	École Centrale de Paris	In charge of the Offshore Course
	École Nationale Supérieure Des Techniques Avancées Bretagne	Offshore Module
Since 2002	École Nationale Supérieure des Arts et Métiers	Lecturer on Engineering and Civil Works
Since 1996	Centre des Hautes Études de la Construction	Professor of Structural Design and Engineering
Since 1979	Centre des Hautes Etudes de la Construction	Professor of Offshore Engineering and Technology

EDUCATION

- 1970 University of California at Berkeley
Master of Science in Structural Analysis and Structural Design
- 1969 École Spéciale des Travaux Publics
Civil Engineering Degree

TRAININGS

- 2012 DNV Substation Certification Seminar
- 2011 DNV Seminar on Type and Project Certification – Wind Farms
- 2008 DNV Arctic Seminar
- 2001 Euro Forum Deepwater Production Techniques
- 1990 IPSI Probabilistic Methods in Structure Dynamics
- 1998 NAG FORTRAN future seminar
- 1997 IBC E & P Data management
- 1990 HEC Management
- 1975 CREDOC Organizational Behaviour
- 1975 IPSI Dynamic of Structures

PROFESSIONAL EXPERIENCE

- Since 2010 Manta Structures at sea Consultant, Trainer and Lecturer
- 2006-2009 Acergy Know-How Management
Expertise and support to on-going projects
Technical procedures supervision
Management of technical seminars at a group level
Training for Junior Engineers
Structural Training for Project and Senior Engineers
Development and implementation of an engineer's career management system
- 1999-2005 Stolt Group Project management on several projects
- 1988-1999 ETPM Computer and software implementation, staff training, system tailoring and ancillary developments
- Kawasaki Steel Corp. Engineering know-how transfer
- 1978-1981 Soudoimport Several platforms for Caspian Sea
- Soudoimport Engineering know-how transfer
- ONGC Several platforms for Bombay High Field
- Elf Several platforms, several fields
- ADNOC Several platforms, several fields
- EXXON Production platform Belier field Ivory Coast
- SNAM Jetty at Ruwais UAE
- 1974-1977 ETPM Development of methods for engineering
- ETPM USA Training of engineering staff
- Araujo Brasil Training of engineers and yard staff
- CFP Several platforms at Abu Al Bu Khoosh
- PAC Launching analysis and model test for two platforms at Ardeshir field
- SOFIRAN Several platforms at Sirri field
- Elf Several platforms at Meru field

	Elf	Likouala Drilling platform
	Elf	Gonelle Drilling platform
1970-1973	Bureau Véritas	Development of a pre-processor for automating tanker registration Vibration analysis of an oil tanker engine room Development of a heat transfer finite element software for nuclear engineering
